THE SMART PRESSO-AESTHETICS

Explore the world of the **Slim product range**, aesthetic devices from the medical world. Whether your goal is to target specific areas, refine the figure, treat cellulite or stimulate circulation, each version of the Slim device is meticulously designed to give you **exceptional results**. Benefit from the precision and efficiency of Slim products.

THE BENEFITS OF CARE

- Helps to firm tissues, shape the body and refine the silhouette
- Facilitates recovery after physical exertion
- The treatments help combat water retention, blood and lymphatic circulation problems as well as the feeling of heavy legs
- The pressure acts over an entire circumference and over an extended surface

ADVANTAGES

- Quickly launch the appropriate treatment by navigating between screen or application menus
- Customizable treatment: modification of pressure, insistence or deactivation of certain cells
- Accessories suitable for all body types which allow you to work the legs, waist and arms
- Easy connection of all cells thanks to a single connector per accessory
- Optimization of session time thanks to active deflation at the end of the session

INDICATIONS

- Heavy legs
- Sports recovery
- Cellulite
- Relaxation
- Complement to slimming techniques

SkinExpert

DEPRESSO-AESTHETICS FOR FACE AND BODY

This device from the medical sector is equipped with a screen offering **pre-established programs** with all the defined parameters and **visual guides** for movements on the face and body. Available in **two versions** to adapt to your needs and techniques, SkinExpert is accompanied by **several essential resources** aimed at optimizing your use.

THE BENEFIT OF DEPRESSO-ASPIRATION

This technique consists of reproducing **various massage maneuvers** modeled on those of manual massage and carried out using a **suction cup** or a **massage roller**. Thanks to a maximum depression of 900mbar and high quality accessories, this device guarantees you **visible results quickly**.

ADVANTAGES

- Simple navigation between the different menus directly on the touch screen
- Each pre-set program comes with intuitive visual guides, combined with detailed instructions for easy use
- Two working modes: continuous and pulsed
- Customizable settings for each treatment
- Creating your own programs
- Less fatigue for the practitioner

INDICATIONS

- Rides
- Skin sagging
- Relaxation
- Black dots
- Excess sebum
- Firming
- Aesthetic drainage
- Slimming
- Stretch marks
- Heavy legs

BENEFITS

- Improves elasticity
- Draining

Give your clients the opportunity to have a personalized cryotherapy session to achieve their goals effectively and comfortably.

Mazet Beauté was developed and is an integral part of the Electronique du Mazet company. It is in their premises that Mazet Beauté devices are designed.

40
years

experience in medical
electronics

Mazet Beauté is a brand of the **Electronique du Mazet** group. Located on the Haut Lignon plateaus in Haute-Loire for more than 40 years, the Electronique du Mazet company has become an expert in the design of medical and aesthetic products.

Innovation & know-how
Made in France

Mazet Beauté products support beauticians and beauty centers to offer them solutions in the field of skin treatment and improvement. All our devices are studied and developed in collaboration with our engineering teams to validate product ergonomics and clinical protocols. Our productions are carried out in our 1400m² workshop, where 50 employees work.

CE

High quality products

Our products have CE marking. After assembly, each product is individually tested by our technicians. An after-sales service is available. If you have any questions, the sales and/or after-sales service is there to answer and advise you. The devices are **guaranteed for 2 years** and their accessories for 6 months.
